LITIGATION RANGER DRAINAGE vs. GARY MITTAN – UPDATE

Mr. Behn reported that a case Management Hearing is scheduled for September 16, 2024.

2650 ALBION AVE – DRAINAGE

The homeowner at 2650 Albion Ave. is having a drainage problem within her lot. On this particular lot part of the water drains to the rear and part drains to the street. There is a ditch behind these homes but it is not within the District's right of way rather on Golf Course property. The Board agreed that if the ditch was cleaned out it would allow the water to flow to Albion Canal which might help the drainage issue in the yard itself. The Board directed that the owner of the Golf Course be contacted to discuss the issue and see if he will allow the District to enter the Golf Course to clean out the ditch as a one time courtesy and then the Golf Course maintain it from that point.

There being no further business the meeting was adjourned at approximately 7:00 P.M.
